## Artech Camp NL #5 - This & That

---

Tue, Aug 21, 2018 at 11:17 AM

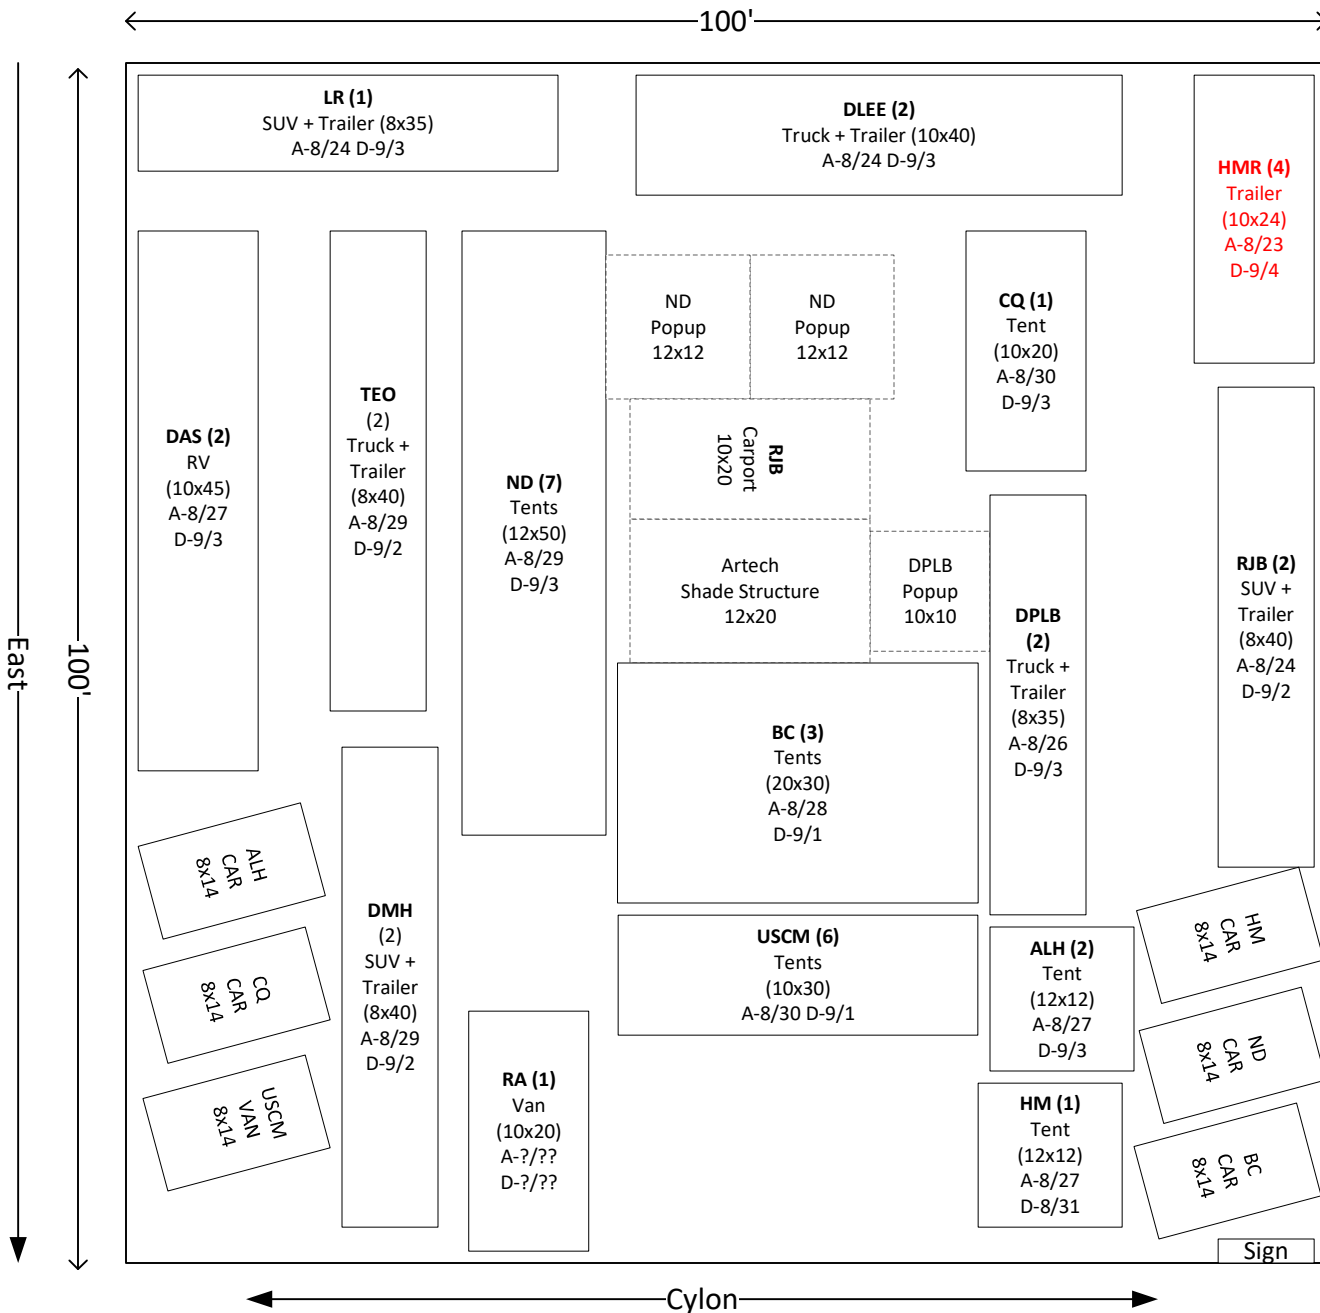

Hello Artech Campmates!

As I'm sure is true for you, our last couple weeks have been full of checklist making and check-box checking. We are getting close! Ryan and I plan to depart Reno this Friday about 3am so that we can catch the sunrise as we enter the gates. Here are a few last minute things to wrap up the email communications over the last couple weeks.

- **Previous newsletters** are published on our website here [Artech Camp Newsletters](#)
- **Camp layout** has been updated and is attached. There were minor updates to the previously published plan, and we now have an alternative plan to account for the possibility that will be placed on the other side of the street. If any changes to your itinerary, please reply to this email or email us directly ([rbibbey@gmail.com](mailto:rbibbey@gmail.com), [jabibbey@gmail.com](mailto:jabibbey@gmail.com)) up until 8/23. We will be heading out early on 8/24, thereafter if any changes you can reach us by SMS at 775-830-5604 or 775-240-2824, assuming service is OK on the playa. Otherwise, we'll deal with it when you get there!
- **Camp Meal Participation.** If you're interested in participating in group meals, campmate Naomi & crew are taking care of that. Please reach out to her/crew: Naomi <[nsduerr@sbcglobal.net](mailto:nsduerr@sbcglobal.net)>, Joshua <[josh@tapculture.com](mailto:josh@tapculture.com)>, Jeremy <[magicfeet55@gmail.com](mailto:magicfeet55@gmail.com)>, Jeff <[smithjopa@gmail.com](mailto:smithjopa@gmail.com)>
- **Travel there safely.** We've heard reports that the law enforcement is strictly enforcing all traffic laws en route to the event (between Wadsworth and Nixon). Give your vehicle/truck/trailer/RV a good once over prior to departure, make sure your license plate is not obstructed, running lights, brake and turn signals are all operational. Drive safely, observe and follow all posted traffic signs and speed limits. If you do get pulled over, be prepared for "an enhanced traffic stop" which will reportedly include a K9 experience and potential tossing of your things.
- **Bikes:** Make sure you put some kind of lights on your bike so that others and art cars can see them/you on the playa at night! It's so beautiful to see everyone glowing and riding together at night. Also bring bike locks!
- **Water.** I'm sure you've read it all, but the recommendation is a gallon of water per person, per day. Pack accordingly.
- **Bring Your Portable Cups** and maybe a lanyard to attach it to or a basket on your bike. In addition to your traveling water supply, you will also need a traveling cup! - Most camps offer some sort of refreshment but do not offer cups. Please bring your own portable cup. Biner Clips and mugs are a great combo.
- **Volunteer Op.** Our friends at the ARTery are looking for 10-12 more volunteers to help with the Artist Party on Tuesday evening from 3pm-7pm. If you are interested please reach out to camp host Lisa by emailing her: [lisabookstein@gmail.com](mailto:lisabookstein@gmail.com) - The ARTery is located at Esplanade & 6:30
- **Things To DO!** We are planning to have a whiteboard posted in camp with a few of the MANY happenings each day. If you hear of something cool and want to share it please feel free to update the whiteboard. I may also just print my list from Excel and leave a copy of it near the white board as well. Still working out HOW to best have it present for you all. - OH, here is a cool tool that you can browse the events list for this year and create your own to-do list:  
[About Playa Events Select your favorite events by clicking on the , then go to your favorites page to print your personalized WhatWhereWhen guide.](#)
- **S'mores/ Campmate Hang Time.** We are planning to do s'mores Monday evening sometime after Crimson Rose lights the cauldron. There is SO much going on. How to choose what to do, right? - We will stop by camp and see if anyone is there and ready for smores or we may delay this gathering to another night when more of you arrive. This will be flexible. We definitely want to find time to hang out but we have no expectations of you other than, DISCONNECT from the default world and let yourself be immersed at the moment. Sail where the dust blows you. There is magic to be seen and felt. If you want to tag along with us please do so! We had some of the best adventures last year by meeting random people and then hitting up different locations together. it was organic and rad.

Cheers,  
Jerri Ann & Ryan
